The 6ft high InstaBarrier-SCD deploys in seconds to cordon off restricted areas. Easy to move and expand singlehandedly. Robust braked wheels allow for easy movement and placement. Unique latching system secures the barrier in a closed position when not in use, and can be used to extend to any length using additional modules. Highly visible red and white markings are powder-coated and weatherproof. Made from lightweight, ultra-strong aluminium. Ideal for indoor and outdoor use in a wide range of situations. Can be fitted with standard scaffold clamps to fix to scaffolding or turn corners.

<b>Product</b>	Armorgard InstaGate™ IG6
